About Town

And Country
By TIMOTHEUS T.

Got An Ulcer? Then Just Feel Happy About It

I FELT BETTER mentally but not physically when I read an article in the Chicago Daily News by Dr. George W. Crane which was titled: Wanted: More Men with Ulcers.

Ol' Man Ulcer gave me a couple of jabs in the stomach last Friday which was a week ago yesterday, then hit a couple of sharper ones Saturday which made me run in doors.

Sunday morning I thought the ol' fellow was gone and went outside again but he was hiding behind the tree and caught me in the stomach with a haymaker that sent me to the floor and kept me away from The Daily Register office until Wednesday.

Sometime back I was told after considerable x-rays that I had a duodenal ulcer with an accent on the long E. Best thing to do, I guess, is to live with it and pamper it by eating and drinking the right things and trying to avoid pressure and the emotions brought on by pressure and such.

But it was getting discouraging, just when you were going good and trying to do a lot in a short period, for Ol' Man Ulcer to rear up and hit you in the stomach.

However, I reiterate I feel better today from a mental standpoint after reading Dr. George W. Crane's article in the Chicago Daily News.

You know what he says? Says Dr. Crane: "I have had a peptic ulcer for years. I'm proud of it." That should slow the flow of hydrochloric acid.

And listen to this: "Actually, America needs more people with ulcers. For an ulcer is the fraternity badge of a person who carries responsibilities."

Boy, doesn't that sound good? Do any of you want an ulcer so you can belong to that great fraternity spoken of in the preceding paragraph. I'll still give mine to you in spite of what Dr. Crane says. "Newspaper workers, bosses of various sorts and those in positions of responsibility for meeting deadlines often join the ulcer fraternity," Dr. Crane writes.

It's a good article Dr. Crane has written and it's bound to make an ulcer-sufferer feel better, but I'll still give mine up and to heck with the smoothing over.

Dr. Crane says it's something to brag about, this having an ulcer. I never wanted to brag.

HUMOR DEPT.: The boss called the new stenographer into his office.

"Miss Gam," he said, "you're the best looking girl we ever had working in this office."

A pleased look came into the girl's eyes.

"You dress well," the boss continued, "you have a nice voice, you make a good impression on the public, and your department is of the highest."

"Oh, thank you," she said, "your compliments are very pleasing."

"Enjoy them to the fullest," returned the boss, "because now we are going to discuss your spelling, punctuation and typing."

Army Selects Attorney for Senate Hearings

WASHINGTON (AP)—Sen. Karl E. Mundt said today Samuel P. Sears will remain as impartial counsel for the investigation of the McCarthy-Army row unless "solid" new evidence shows he is pro-McCarthy.

Mundt made the statement as the Army announced it had selected Joseph N. Welch, who like Sears is a Harvard-trained Boston attorney, to present its case in the explosive fight with Sen. Joseph R. McCarthy (R-Wis.).

Assistant Secretary Fred A. Seaton said Welch, a Republican, would serve the Army as "something of a trial lawyer" to bring out the "pertinent facts" in the televised hearings slated to start April 12. Welch declined to answer questions about his views on "McCarthyism" but his law partner in Boston said he never had publicly mentioned the Wisconsin senator.

Welch, 63, was described as a personal professional friend of Sears. Seaton said Welch took the job as "a public service" and would receive no pay.

WHEN IT'S PEACH BLOSSOM TIME, Southern Illinois university co-eds such as these find acres of pink-covered hills more attractive than the lure of library study. These beauties among the blossoms are: Lou Ann Hart, left, Springfield; Marilyn Rhymer, McClure; Ann Appleton, Belleville; and Jo Ann McIntire, Anna, all freshmen at SIU.

SALINE COUNTY OIL REPORT:

22 Active Drilling Operations in County

By BOB SKEELS

Saline county has 22 active operations this week, two completed oil wells and three very interesting wildcat starts.

Just west of Raleigh, E. H. Morris of Crossville, is drilling today below 2170 on his rank three mile wildcat, the No. 1 Thornberry-Burns and Guest Unit, SW NE SW, 16-8s-6e. Bill Graef, consulting geologist of Mt. Carmel, is picking the samples and doing the geology on the test.

Another good wildcat being watched carefully is the John Stelle and associates No. 1 John J. Jones, NE NE SW, 20-8s-7e, right on the west suburbs of Eldorado, drilling below 1965 with Rucker's rotary tools of Mt. Vernon. Bud Rue is the geologist on all of the Stelle tests in this area.

A first reported wildcat test that started this past week, is the Coy Oil No. 1 Otis A. Carter et al, NE SE SE, 29-7s-7e, four miles straight

French Hurl Back Waves of Attacking Reds

HANOI, Indochina (AP)—Stand-or-die defenders of Dien Bien Phu hurled back waves of attacking Communist rebels today without yielding an inch of ground.

Throughout a night of terror Red infantry smashed against surrounded French lines while thundering Communist artillery lighted up the Indochinese skies.

A 50-man Communist squad stole within 200 yards of Brig. Gen. Christian de Castries' command post but it was quickly annihilated.

At the height of the battle, staff officers, cooks, switchboard operators and orderlies grabbed rifles and went into the trenches to plug gaps in the French line. Unofficial sources say the defenders have suffered at least 2,000 casualties, killed and wounded—this week.

The first smoke-haze light of dawn showed the "fighting fools" of Dien Bien Phu had not given ground at a single point.

A breath of hope swept French High Command Headquarters in Hanoi that the strategic fortress in northwest Viet Nam would not fall to Red Gen. Vo Nguyen Giap's numerically superior forces.

A High Command spokesman said the rebel losses were "so enormous" the Communists' pay-off assault, now in its fourth day, could not last.

The spokesman said the situation now was "serious but less critical" than on Friday when three of Giap's divisions almost fought their way into the heart of the fortress.

Coed Wears Fraternity Pin of Gary Crosby

SAN CARLOS, Calif. (AP)—A 21-year-old college coed admitted today that she wears the fraternity pin of Gary Crosby, eldest son of crooner Bing Crosby.

However, Barbara Stanislaus denied all rumors that she and Gary, who also does a bit of singing, are engaged.

Barbara, a 5-foot 5-inch business administration student at San Jose State College, said she had "known Gary for quite a while." "And I am pinned," the attractive, brown-haired coed said.

Mother and Five Children Die in Fire

GLOSTER, Ohio (AP)—A mother and her five children died in a fire which destroyed their home here today, but the father and one other child escaped.

Constable Frank D. McClelland said the fire apparently sprang from a kerosene explosion as Mrs. Garnet Richards attempted to light a stove.

The children who perished were identified as Mildred, 8; Robert, 6; Lawrence Ray, 4; Freda Mae, 3; and William, 9 months.

Lawrence Richards, the father, and son Charles Edwin, 2, escaped the flames which spread to every corner of the home in the explosion.

Africa is Ready For Gospel, WMU Speaker Says

Southern Baptist missionaries are proclaiming Jesus in Nigeria, Africa, through preaching, teaching and healing, stated Jemola Adeleke Cleke Ojo, of Abeokuta, Nigeria, at the closing session of the state Woman's Missionary Union convention held Friday evening at the McKinley Avenue Baptist church.

Mr. Ojo, who with Mrs. Ojo, came to the United States to study at Wayland college, Southern Baptist school at Plainview, Texas, said that through churches, schools and hospitals a number of the 40,000,000 people of Nigeria are being won to Christ. Stating that unless the missionaries follow their own teachings, it is like "pouring water on a duck's back," he pointed out that he had yet to see one who did not speak and act in the same way.

He added that they are giving the Nigerian people a most favorable impression of America. Mr. Ojo closed by saying that Africa is ready for the gospel and that the disappointment will be great if America does not help to satisfy the hunger of millions for Christ.

Special music was presented by a Young Women's Auxiliary choir, and members of Business Women's circles throughout the state were guests at last night's session following a banquet at Wesley Center.

Also recognized was a group from colored Baptist churches of Mt. Vernon, Carbondale and Harrisburg, who sang during the service.

A panel discussion was presented by nine women, most of whom had been missionaries to or visited foreign mission fields. Included on the panel was Mrs. Robert Sherer, of East St. Louis, who with her husband is a missionary to Japan.

Some 1600 registered during the two-day convention.

Gen. Vandenberg To Be Buried in Arlington Cemetery

WASHINGTON (AP)—Gen. Hoyt S. Vandenberg will be buried Monday at Arlington National Cemetery and a fleet of jet aircraft will dip their wings over his grave in final farewell to the former Air Force chief of staff.

Military funeral services will be held at Washington Cathedral. Praised by President Eisenhower as a gallant commander whom the nation will hold in "grateful remembrance," Vandenberg died of cancer Friday at Walter Reed Army Hospital at 55.

Congressmen, military officials and other leaders in all walks of life paid tribute to the four-star general who led the expansion of the Air Force into a global power and prime war deterrent.

Vandenberg's body will lie in St. Joseph's Chapel at the cathedral from 11 a. m. EST today until noon Monday. The chapel will be open to the public.

The Very Rev. Francis B. Sayre, dean of the Episcopal cathedral, will conduct the funeral ceremony, assisted by Chaplain Frank E. Pulley, chaplain of cadets at the United States Military Academy where Vandenberg was graduated in 1923.

Eisenhower to Quiet Fears in Speech Monday

President Believes
Too Much Hysteria
Shows Over Issues

WASHINGTON (AP)—President Eisenhower will seek to quiet some of the hysterical fears he believes have unduly gripped the American people in his nationwide radio and television speech Monday night.

Informed sources said the address will be along the lines of the President's impromptu lecture to reporters at his March 17 news conference when he spoke with much feeling about the "multiplicity of fears" besetting the world.

For the first time in a major national address, the Chief Executive will speak extemporaneously.

White House Press Secretary James C. Hagerty said Friday the 30-minute speech, scheduled for 8:30 p. m. EST, Monday, will be carried live on television by the NBC, ABC and Mutual networks.

He said CBS radio will carry a rebroadcast from 10:30 to 11 p. m. and Dumont TV may come in on the live telecast.

Hagerty disclosed at the same time that Attorney General Herbert Brownell Jr., will follow with a hard-hitting speech on Communism next Friday from 9 to 9:30 p. m. EST. No broadcast schedule was available immediately on Brownell's speech, but it was expected to be carried live on television and recorded on radio.

Hagerty said the two speeches are related and that Mr. Eisenhower will touch on Communism in his address.

In his March 17 news conference, described as a short preview of the speech, the President expressed concern about widespread fear over the men in the Kremlin, unwise investigators, depression, loss of jobs and the atomic age. He said there was an element of truth in each alarm but there was "too much hysteria."

THURMONT, Md. (AP)—President Eisenhower relaxed in his secluded Maryland mountain retreat today after a quick visit to his Gettysburg, Pa., farm where he eventually hopes to retire.

The Chief Executive, spending a quiet weekend at Camp David—his carefully guarded hide-away in the Catoctin Mountains—planned to ponder the words he will use in an important speech to the nation Monday night.

Mr. Eisenhower drove here from Washington Friday afternoon with his wife, her mother, Mrs. John S. Doud, and two of Mrs. Eisenhower's close friends, Mrs. George E. Allen and Mrs. Walton Walker, widow of the American 8th Army commander who was killed in Korea. They will return to Washington Sunday.

Senate Democrats Pledge Fight for Public Housing, Defeated in House, 211-176

By United Press

Two Senate Democrats today pledged a vigorous fight to overturn action by the House in killing President Eisenhower's federally subsidized public housing proposal.

Sens. Burnet R. Maybank (S.C.) and Paul H. Douglas (Ill.) said they would push for even more than the 140,000 public housing units Mr. Eisenhower had recommended over a four-year period.

A Democratic move to write the President's public housing proposal into a general administration housing bill was voted down, 211-176, by the House late Friday.

Also defeated, 164-72 was a compromise proposal backed by GOP leaders to authorize 35,000 additional units for the fiscal year beginning July 1, 1955.

The House later passed the overall housing measure by a vote of 352-72 after two days of debate. The bill, which now goes to the Senate, includes provisions permitting lower down payments and smaller monthly installments on government-insured home loans, enlarging the supply of new privately sponsored housing, and encouraging the rehabilitation of old homes and slum clearance.

The Senate Banking committee is now at work on housing legislation. And Maybank, ranking committee Democrat, is sponsoring an amendment aimed at preventing congressional appropriation committees from curbing the number of public housing units through control of funds.

Maybank's proposal, in effect, would authorize up to 135,000 units a year at the President's discretion as permitted by the 1949 Housing Act.

Other congressional news: Republicans: The decision of Sen. Edwin C. Johnson (D-Colo.) to retire at the end of his present term in January gave Republicans a big lift in their battle to hang on to control of the Senate in the November elections. With Johnson—a popular vote-getter not running for reelection—the GOP thinks it has a good chance to pick up an extra seat in Colorado. The Democrats now have a one vote

margin over the Republicans in the Senate.

Atomic: Rep. Richard Bolling (D-Mo.) called on President Eisenhower today to be "really frank" about the hydrogen bomb. He quoted destructive capacity equal to 40,000,000 tons of TNT—is to be tested in the Pacific. He said a bomb this powerful would destroy a 1,000 square mile area.

McCarthy: Sen. Karl E. Mundt (R-S.D.), temporary chairman of the Senate investigating subcommittee, said the group's special counsel for the Army-McCarthy investigation will keep his job unless "solid" new evidence is presented to show he is partial to Sen. Joseph R. McCarthy (R-Wis.). The counsel—Boston Attorney Samuel P. Sears—was selected Thursday but got into hot water immediately over reports that he publicly praised McCarthy in the past.

Statehood: Chairman A. R. Miller (R-Neb.) of the House Interior committee said he will "carry the fight" to get a House vote on the combination Hawaii-Alaska statehood bill approved by the Senate this week. But House leaders indicated they would try to block the bill.

Stevenson said Friday night the Republicans have been plunged into "sorry confusion" by the "McCarthy investigations" while the "fate of all of us" lies at stake in an atomic age.

The Democratic standard bearer said the Republicans have "disappointed" the world wide prestige the nation built during 20 years of Democratic administrations.

"Eisenhower has to make a choice between uniting his party and uniting his nation," Stevenson said. "So long as his party is so constituted he cannot do both."

Stevenson told some 4,000 North Carolina Democrats at a rally the investigations of Sen. Joseph R. McCarthy (R-Wis.) have lowered the GOP into "sorry confusion."

The Republicans now are "investigating the investigators" while "ghastly explosions in the Pacific" demand urgent attention to gaining international control of atomic weapons, he said.

Stevenson accused the Republicans of disrupting government career services with a spoils system, adopting Democratic reforms they once denounced as "creeping socialism," and enmeshing President Eisenhower in partisan strife.

The 1952 Democratic presidential candidate said Mr. Eisenhower could win the "enthusiastic support" of the American people except for the fact that he cannot free himself from the "expedient counsel of small-bore politicians."

Stevenson said more and more of the disaffected Southern Democrats of 1952 are coming to realize the party of our security and our salvation" after a "taste" of Republican leadership.

"For my part," he said, "the lost sheep are welcome back to the Democratic fold."

VINCENNES, Ind. (AP)—Police Chief James Harlow today stood by his order to shoot at speeding autos, even though one person has already been killed.

Harlow ordered his officers last Thursday to shoot at the tires if speeders refused to stop.

He called his order "a declaration of war on people who kill others on the highway."

But other Indiana police officers protested Harlow was going too far.

A state police spokesman said Harlow's drastic policy is "against the law. Our men are carefully instructed against firing at a person wanted on a misdemeanor charge, and that's all speeding is."

Harlow's officers have fired at least three times at the autos of fleeing speeders since the order was issued. On one of these occasions, an 18-year-old youth was killed.

The youth was sitting in the back seat of an auto which crashed two roadblocks. He was killed by a stray bullet.

Son of LSU Athletic Director Hurt

Student Flyer
Dead; Eight Persons
In House Uninjured

BATON ROUGE, La. (AP)—A student pilot, flying a stolen plane, was killed and the son of the LSU athletic director was injured today when the aircraft smashed into a dwelling occupied by eight persons.

None of the occupants of the house was injured seriously although the force of the crash knocked part of a wall in on some of the sleepers.

The plane, a Cessna 140, plowed into the living room at 3:35 a. m. while the occupants slept in bedrooms on either side of it. There was no fire.

The pilot, Edwin White Jr., 19, Mansfield, La., died instantly in the crash. His passenger, Robert M. Heard, 18, son of LSU athletic director T. P. Heard, was hospitalized with head and possible internal injuries. Both were students at Louisiana State University.

Felt Side of Plane
"I thought the furnace had blown up," said Arthur L. Carrick, owner of the home. "The wall of our bed room caved in against our bed and knocked the headboard down."

Mrs. Henry M. Smith, Brattleboro, Vt., who was sleeping in the other bedroom with her husband and their two small children, said the crash sounded like "the television tower had fallen over."

"I got out of bed and felt my way in the dark along a corridor to the living room," she said. "I felt the side of the plane but I thought at the time that it was a bathtub because of its smooth surface. Then I stepped over a body lying on the floor."

Mrs. Smith said she stumbled back to the kitchen and found Heard lying there.

Flight Unauthorized
"I tried to talk to him but he couldn't talk," she said. "Both my children were crying and there was wreckage everywhere. It was like a nightmare."

Two other persons were sleeping in a back bedroom when the plane struck shortly after takeoff from the airport.

Carrick and his wife suffered slight head injuries from the flying splinter as the wall gave in and collapsed their bed. None of the other occupants of the house was hurt.

Police said the flight was unauthorized and the plane had been reported stolen by its owner, Joe Hair, who operates the Hair flying service here.

Confederate Vet
Dies at Age 107;
Only Three Remain

AUSTIN, Tex. (AP)—The thin gray line of the Army of the Confederacy has dwindled to three centenarians with the death of 107-year-old Thomas Evans Riddle.

Riddle, a native of Nashville, Tenn., died at 11:30 p. m., EST, Friday in the Texas Confederate Home for Men, where he had lived for more than four years.

"The infirmities of old age" were listed by Dr. Herman Wing as the cause of death. Riddle, who served with the 12th Tennessee Infantry during the last 18 months of the War Between the States, was stricken with pneumonia last Jan. 16. He would have been 108 on April 16.

Riddle rallied from the pneumonia attack, but Wing said his heart had been damaged. He suffered a relapse in February, from which he never fully recovered.

Surviving Confederate veterans are Walter W. Williams, 111, Franklin, Tex.; John Salling, 106, Slant, Va.; and William A. Lundy, 105, Laurel Hill, Fla. Albert Woolson, 107, Duluth, Minn., is the only surviving veteran of the Union's Grand Army of the Republic.

Riddle, who he fought in the battle of Gettysburg, Penn., was not wounded during the Civil War, but often claimed seven bullet holes were shot through his shirt. His highest rank was private, but he and Williams were promoted to "Colonel" by Texas Gov. Allan Shivers in 1950.

The Weather

ILLINOIS: Mostly fair and quite cold tonight with freezing temperatures over entire state. Sunday partly cloudy and warmer. Low tonight 20-26 south. High Sunday to the 50s south.

Norris City Woman Dies
At St. Francisville

Mrs. Rhoda Roberts, 91, resident of Norris City area, died in St. Francisville Thursday.

The funeral will be Monday at 2 p. m. at the Mt. Oval church, south of Norris City. Rev. Thomas Harper will conduct the service.

The body now lies in state at the home of the son, Dewey Roberts, in St. Francisville. It will be taken to the Church Monday to lie in state from 1 p. m. till 2 p. m.

Boy, 17, Sentenced
To Electric Chair

NEW YORK (AP)—Authorities said today that 17-year-old Cordeiro Correa, convicted in the robbery-slaying of an elderly woman, was the youngest person ever sentenced to die in New York County.

Correa was sentenced Friday to die in the electric chair at Sing Sing Prison. A

Columbia Agricultural Limestone

CONTAINS JUST THE RIGHT AMOUNT OF CALCIUM
TO CONDITION YOUR SOIL.

COLUMBIA AGRICULTURAL LIMESTONE IS BEST SUIT-
ED TO CONDITION SOILS IN THIS AREA for the following
reasons:

Fine Ground — Columbia 2200 LIMESTONE — it's new in '54.
It's 20% finer than 200 mesh, giving you more fine, powdery
limestone that will act quicker in neutralizing soil acidity.

High Calcium — Columbia Limestone contains 94% to 100% C. C.
E., which is the acid neutralizing quality of limestone.

Magnesium — The Magnesium Carbonate content of Columbia
Limestone is ample to meet the requirements of all crops in this
area, as no magnesium deficiency has ever appeared in this or
neighboring counties.

Broiler Growers To Discuss State Organization

Broiler raising has expanded so
rapidly in Illinois that growers are
thinking of organizing a state-wide
association, according to Farm Ad-
viser L. B. Kimmel. They are one
of the few large groups of agri-
cultural producers who as yet have
no state-wide organization, he says,
although several local groups are
organized.

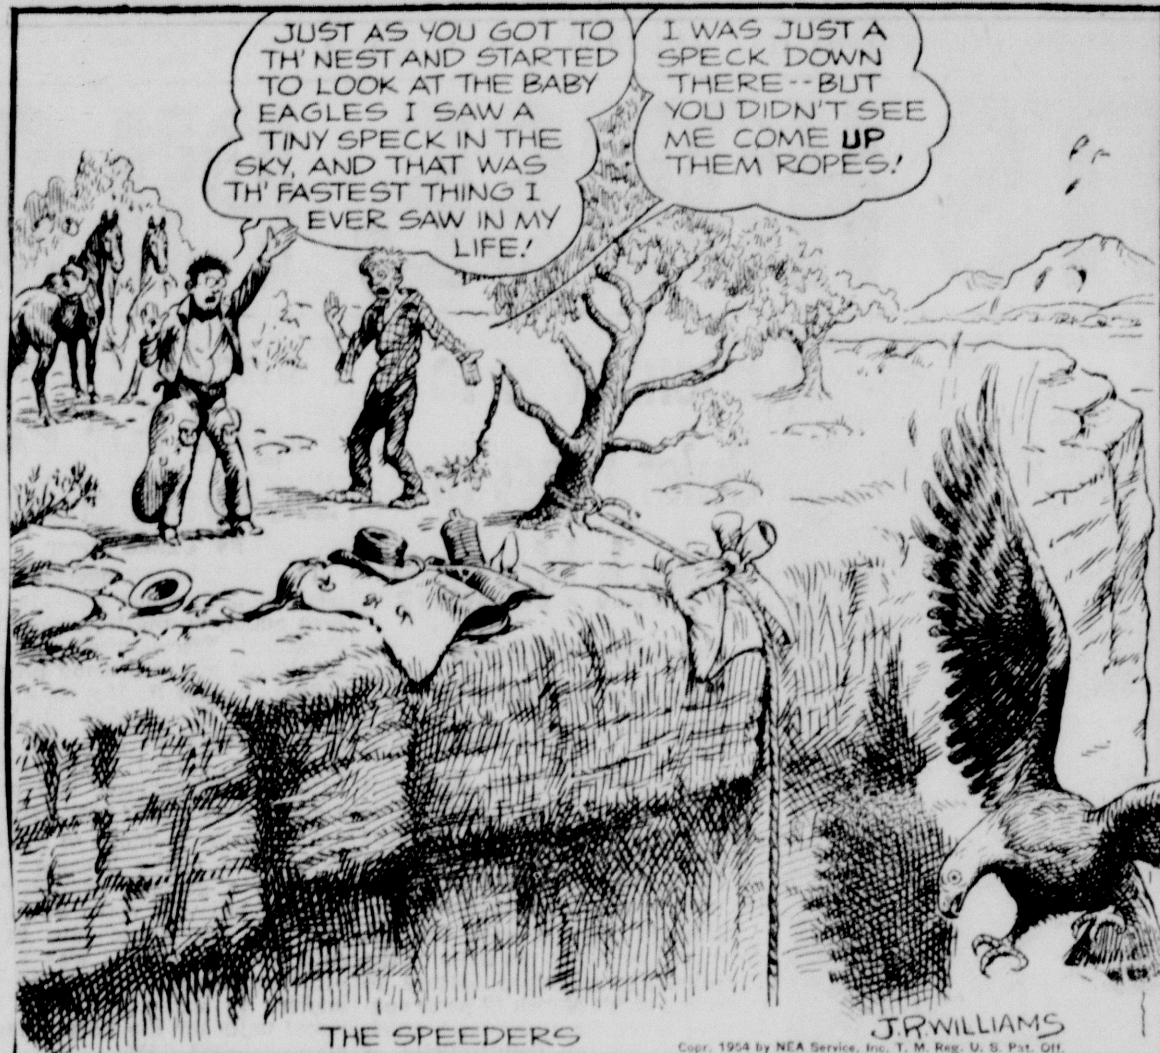

Plans for a state organization
will be discussed April 8 at 7 p. m.
at a meeting for southern Illinois
growers in the Franklin county
courthouse, Benton.

All broiler raisers and others
interested in the broiler business
are invited to the meeting. It will
be one of two meetings in the
state to discuss organization.
A group of producers headed by
Rudy Bertschi of Tremont is sponsoring
the meetings. They claim
that a state organization could fos-
ter an educational program for
broiler growers, advertise Illinois
broilers, help develop an orderly
marketing system, facilitate an ex-
change of ideas among growers
and promote mutual interests of
those interested in broiler grow-
ing.

Bertschi will appear on the pro-
gram to outline what a state as-
sociation could do. H. M. Scott,
University of Illinois poultryman,
will discuss trends in broiler feed-
ing and management; and Emer
Broadbent, University of Illinois
poultry marketing specialist, will
explain the importance of broiler
raising in Illinois. Scott Hinners,
Southern Illinois university poul-
tryman, will discuss the develop-
ment of broiler raising in southern
Illinois at Benton.

BIBLE THOUGHT FOR TODAY
The steps of a good man are
ordered of the Lord. — Psalms 37:23.
God would like to order every
one's life, but some are not recep-
tive. It would profit us greatly
to sincerely seek guidance in ev-
ery step.

Out Our Way

Smokey Says:

G-G-GOLLY SMOKEY IS THIS
NATURE'S GIFT TO US? I'M GOING
TO TELL DADDY TO HELP PROTECT
LITTLE TREES FOR ME!

For your children and your State,
please be careful with fire!

Late May Corn Still Yields Well

Nine-year tests at the University
of Illinois show that corn planted
about the third week of May will
normally yield as well as corn
planted the first week of May.

Agronomists at the University
of Illinois report that May 4 plant-
ings produced only 1 to 4 bushels
an acre more than May 27 plant-
ings in the tests.

You can easily lose more than
that from corn borer damage in
early-planted corn.

Corn planted late in May won't
be large enough to attract the first
brood of corn borer, and it will
grow enough not to be greatly
harmed by the time the second
brood appears, according to the
crop specialists.

On the other hand, if you wait
until June to plant, your crop may
be hit hard by second-brood bor-
ers. This corn will also have a
higher moisture content and will
have more broken stalks at har-
vest time.

Another way to combat corn
borers is to plow under all corn
stalks and other refuse that har-
bors the insects. Do this before
May 10. You can also plant adapt-
ed varieties that help to resist
borer damage.

Junior Cattle Breeders Are Increasing

CHICAGO (AP)—The number of
young cattle breeders in the coun-
try appears to be increasing, ac-
cording to the American Aberdeen-
Angus Breeders' Association.

Frank Richards, secretary of the
association, said 21 per cent more
junior breeders joined the asso-
ciation during the first fiscal quar-
ter of 1954 than in the corre-
sponding period last year.

Junior memberships are granted
by the association to youngsters
who own one or more purebred
Angus animals. At 21 they may be-
come lifetime members.

Coccidiosis may cause losses
among your lambs less than two
months old if they are overcrowd-
ed.

New Cabins At 4-H Camp

The contract for four new
screened-in cabins was let last
week to a contractor in West
Frankfort. Work has already started
with promise that the cabins
will be ready for use by June 1st
before summer camp starts. The
camp is expanding its building
program each year. At the pres-
ent time there is a large dining
hall, a craft building, care takers
dwelling and canteen building. It
is hoped that more cabins will be
built next winter or spring.

During the past years, campers
have used army surplus tents. The
new cabins, two in the boys area,
and two in the girls, have concrete
floors, screened windows and room
for twenty-four campers in each
cabin. This will take care of
ninety-six campers. The camp size
is limited by the size of the dining
hall or about 135 or 140 being able
to eat at one time. We hope to
build cabins to take care of all
campers by 1955.

Saline county camping dates are
the last week in June and second
(Continued on Page 2)
week in July. Our quota is 10 boys
and 10 girls or 20 at each camp.
It is possible for each 4-H club
to send one or two campers to
both camps.

Anyone interested in the 4-H
camp may check with the Farm or
Home Adviser or any of the 4-H
Club leaders. During the camping
season many parents visit the cam-
ping area to acquaint themselves
with the camping program.

Southern Illinois 4-H Camp is
located between Thompsonville and
West Frankfort, off to the south
of the highway one-half mile, and
two and a half miles west of
Thompsonville. The camp was
given a 99-year lease on the ground
owned by the city of West Frank-
fort. Nearly 100 acres on the north
side of the lake are included in the
lease.

The University of Illinois Ex-
tension service cooperates with
county leadership in developing
the youth program and is re-
sponsible for camping.

Move Sow and Pigs to Pasture Early as Possible

Move the sow and pigs to pas-
ture as early as possible after far-
rowing, advises Marshall G. Clark,
animal husbandry teacher in the
Southern Illinois University Agri-
culture department.

In addition to exercise in fresh
air and sunshine the suckling pigs
derive feeding benefits essential
to a vigorous start because:

1. Fresh green grasses and le-
gumes stimulate milk production
during the sow's lactation period.
It is not uncommon for a sow to
give daily more than a gallon of
milk testing six percent butterfat
and having a protein content nearly
double that of cow's milk, Clark
points out.

2. Green forage stimulates the
sow's appetite and has a laxative
characteristic bringing about more
complete elimination of body
wastes.

3. Good nutrients in green for-
age are easily digested and assim-
ilated.

4. Green legumes growing on
fertile soil have a protein content
equal to the protein level recom-
mended in well-balanced grain ra-
tions for suckling sows and have
plentiful supplies of calcium, phos-
phorus, and vitamin A—nutrients
essential to developing sturdy bod-
ies and disease resistance in
young pigs.

Tractor, Loader May Tip Easily

Stay off the sides of steep slopes
and make turns slowly when using
your tractor and loader to handle
manure, dirt or other heavy ma-
terials, warns a University of Illi-
nois agricultural engineer.

Wendell Bowers explains that
the tractor's center of gravity is
raised, making it "top-heavy" when
you carry a load weighing several
hundred pounds at a height of five
to ten feet above the ground.

If you must drive across slopes
or hills, says Bowers, keep the
load low until you get ready to
dump it. Never make fast turns,
which increase the chance of tip-
ping sideways and put unneces-
sary strain on front tires and
bearings.

**Now's the time to get a
BUTLER building
up, ready for this year's crop**

Within days, you can have a Butler steel grain storage building
ready for the safe, clean storage space you need for this year's
crop... for every crop.

**Butler grain storage buildings—40' wide with 14' sidewalls
and 20' bays for any desired length—give you big, obstruction-
free space that keeps storage cost per bushel low!**

**Your grain is protected from weather and rodents by firmly
sealed and bolted galvanized steel sheeting that lasts for years
with little upkeep.**

**And, when you are not using a Butler building for grain, you
can house machinery and livestock in it for year 'round use.**

Big doors—12 or 16' width x 13' high—let you back in with
large trucks for faster grain handling or move in and out with
heavy farm equipment.

Don't gamble with your grain because of lack
of storage. Call us today. Order now, and
you can still store this year's crop safely. Our
service covers everything from planning to
erection.

Society

First Church of God Missionary Society Meets

Mrs. Ethyl Keneipp was hostess Thursday evening to the Missionary society of the First Church of God. The meeting was opened with the song, "Rejoice and Be Glad," and was followed with prayer by Mrs. Bess Aldridge. The secretary-treasurer's report was given by Mrs. Evelyn Wallace, and the reports of the various departments were given.

Mrs. Gladys Aldridge gave the lesson for the evening, the title being, "Christ Lives On." Various members of the group reported on the lives and teachings of famous followers of Christ.

A short business session followed, presided over by the president, Miss Beulah Lievers.

The worship service, under the direction of Mrs. Eathel Fisher, began with each member quoting a favorite passage of scripture. Prayer followed with each person especially remembering our missionaries both at home and abroad. Mrs. Mabel Denny gave an inspiring devotion, taking her message from Matthew 28. The worship service was brought to a close with a duet by Mrs. Denny and Mrs. Elsie Dudley.

The meeting was dismissed after prayer by Mrs. Margie Alexander. Refreshments of angel food cake, homemade ice cream, punch and coffee were served by the hostess assisted by Mrs. Gladys Aldridge.

Others present besides those already mentioned were: Mrs. Gladys O'Connor, Mrs. Bee Holland, Rev. and Mrs. E. C. Fisher, Mrs. A. O. Strobel, Mrs. Emma Hibbs, Miss Shirley Aldridge, Lenora and Dal Gene Hibbs, and three visitors, Mrs. Iva Tolbert, Gregory Blackman, and Mrs. Ruth Morse.

The next meeting will be held at the home of Miss Beulah Lievers.

Construction Firm Files Complaint

The H. H. Moss Construction Co. of Algonquin, Ill., has filed a complaint here asking for money they say is owed to it by the J. D. Barter Construction Co. of Harrisburg. Also named defendant in the case is the Department of Public Works and Buildings of the State of Illinois.

The complaint says that the State of Illinois entered into a contract with Barter for construction work in Clay county and that the plaintiff furnished Barter equipment and materials. It charges that the company still owes \$1,960.40.

The case was filed in circuit court by Atty. Edmund J. Apcel of Chicago.

Four Actresses Lose Husbands During Week

By ALINE MOSBY

United Press Hollywood Writer
HOLLYWOOD — Four movie queens flopped in real life love roles this week, and actor Dick Anderson announced today this proves his theory that actresses make lousy wives.

Hollywood has broken out in a rash of glamour girls who have lost their husbands.

Leslie Caron was divorced by packing heir George Hormel. Dr. Lew Morrill walked out on Rhonda Fleming. Corinne Calvet confessed she was so upset by her divorce she accidentally took four sleeping pills, and Zsa Zsa Gabor wept in a divorce court that George Sanders would rather be a bachelor.

Anderson, a fearless thespian, shrugged he wasn't surprised because film actresses are "a strange breed."

"Their greatest function is to act, and that's more important to them than having a home and children and being a wife," said the up-and-coming MGM actor.

"They are not what you would call average females. They're not normal."

"They don't realize that being a woman is the greatest career any woman can have. Actresses rebel against being women. A woman should be for a man all the way."

Man Wants to Be First
A movie queen, he continued, has an unbalanced feeling of importance "not only because of her

Easter Sunrise Service To Be Held at Egyptian Drive-In Near Herrin

The Rev. Wilbert H. Koenig, pastor of Trinity Lutheran church, Cape Girardeau, will be the main speaker at the Easter Sunrise services to be held at the Egyptian Drive-In theatre near Herrin. This is the sixth annual service sponsored by the Lutheran churches of Greater Egypt. The service will begin at 6 a. m. A delayed broadcast by radio station WJPF will take place one hour later between 7 and 8 a. m.

The Rev. L. M. Waechter of Anna will be the moderator for the radio broadcast and the Rev. R. C. Rist of Carbondale will be the liturgist. Music for this service will be provided by the Easter Sunrise chorus under the direction of M. Frieberg of Murphysboro.

fame, but economically speaking." "A man wants to be first in his family, and that isn't possible with an actress," he said.

"Movie actresses should marry millionaires. Then, when they come home and say they earned \$3,000 this week, their husbands can pull out their own bank books and tell them to shut up."

"There are other disadvantages to an actor's wife. Their job isn't an eight-hour day, but a 24-hour day. Their ambition is always on their mind."

"And because of the sex appeal build-up they get, sex is also foremost in their minds and a husband doesn't like men gawking at his wife."

Anderson is one of the few bachelors left in Movietown, and he has dated such screen beauties as Pier Angeli, Elaine Stewart and Piper Laurie. But he'll never marry an actress, he insisted.

"They're wonderful to go out with, but marry one? Never!" he said.

Important questions to ask about THE MORTGAGE ON YOUR HOME

It's true, your mortgage can make home ownership a pleasure or — a burden. So ask yourself these questions:

1. Is it the right type and size?
2. Can it be "prepaid" without penalty?
3. How about the interest rate?
4. What if you sell the house?

Each mortgage this bank makes is designed to fit the borrower's individual property and pocketbook. See us before you buy or build!

Union Leaders Halt New York Dock Strike

NEW YORK — New York's longest and costliest dock strike ended today with longshoremen under orders from their leaders to return to work.

One third of the striking members of the independent International Longshoremen's Association were expected to report for work on today's shifts and all of the 30,000 to 35,000 strikers were due back on the job by Monday morning.

Orders to end the tieup were issued Friday by Capt. William V. Bradley, president of the independent union. The strike began 30 days ago and cost the port an estimated 500 million dollars.

Bradley's orders came after he met with the rank-and-file strike committee of his independent union. The meeting had been called to consider an order by the National Labor Relations Board to end the tieup "forthwith."

The NLRB had advised the union that if the strike was not ended its name would be removed from the ballot in a new waterfront election that will be held to determine whether Bradley's union or the AFL International Longshoremen's union will represent the stevedores.

The independent union polled the greatest number of votes in a similar election in December but the NLRB voided the election on grounds the independent union used "mass coercion" to intimidate dock workers to support it as their bargaining agent.

No date for the next vote has been set.

The New York Shipping Association estimated losses to shippers amounted to one million dollars a day. The daily loss in wages to dock workers was estimated at \$300,000. Some 2,500 truck drivers were laid off or put on part time schedules because of the tieup.

Losses to independent truckers were estimated at 10 million dollars. Thousands of dollars worth of perishables rotted on docks and in the holds of ships.

Carrier Mills Seniors to Present Comedy Friday

"Junior Prom," a comedy in three acts by James F. Stone, will be presented by the Senior class of the Carrier Mills high school Friday, April 9. The play, to be presented in the CMCHS gymnasium, will start at 8 p. m.

Jerome Haines, Darrel Felty, an innocent father, is distracted and maddened when his son, Chuck, Ron Lanham, has ideas that bring Clarence Weeger, Lowell Stricklin, an expugilist and Cassandra Cholmudeley, Margaret Robinson, a dizzy dame, into his home.

He is really upset when Dr. Prescott, Larry Yates, announces that his daughter Hildy, Joann Henson, has the measles. Queenie Smith, Faye Hearn, Hildy's friend and Frankie Brown, Max Beasley, an embryo wolf, also add to his troubles.

Mrs. Haines, Carolyn Jenkins, keeps the family together and manages to retain her discontented maid, Olivia, Margaret Griffin. Cora, Marilyn Billingsley, a city cousin, completely remodels Willie Vermin, Ron Culbreth.

All action takes place in the living room of the Haines home in a busy and beautiful city in the U. S. A.

The Senior class is presenting the school with a complete, new-style type of stage backdrops and they will be used for the first time Friday.

Directing the play are Mrs. Betty Parker and Mrs. Mabel Porter.

Find St. Clair Coroner Guilty Of Tax Evasion

SPRINGFIELD — Dr. Clifford C. Kane, St. Clair County coroner since 1940, Friday was found guilty of income tax evasion, fined \$10,000 and placed on two years' probation.

Federal Judge Charles G. Briggles acceded to a defense request and permitted the 58-year-old physician to plead nolo contendere (no defense) rather than guilty.

Attorneys Harold G. Baker, East St. Louis, and Schaeffer O'Neill, Alton, said they feared a guilty plea might "jeopardize" Kane's status as a physician, as coroner and as a voting citizen.

Briggles found Kane guilty of failing to pay \$20,205 taxes on \$34,697 unreported income in 1945. U. S. Dist. Atty. John B. Stoddard said the government expected to drop a second count in the indictment against Kane charging he owed nearly \$11,400 taxes in 1944.

Freddie and Pattie Nolen Celebrate Birthdays With Party
Freddie and Pattie Nolen, twin children of Mr. and Mrs. Eugene Nolen, celebrated their 11th birthday Saturday night with a party at their home.

After the gifts were opened refreshments of hot dogs, cookies and Cokes were served to the following: Mr. and Mrs. John King, Mr. and Mrs. Carlos, Mr. and Mrs. Orval Mizell, and children, Phyllis and Sue, Wayne Speck, Jean Phelps, Jackie Boaz, Charlotte Anderson, Martha Trammell, Alice Ann Evitts, George Evitts, Victor Watson, Rajean Mizell, Lanelle Mizell, Carl Ray Leach, Linda Schuchardt and Jean Maynor.

Several games were played with prizes going to Rajean Mizell, Martha Trammell, Orval Mizell and Charlotte Anderson.

The cause of the fire was not known but it was fed by aviation gasoline from a pipeline passing through the refugee area.

An Army spokesman said 900 flimsy shacks and old wood and plaster homes were destroyed along with several small factories before the flames were controlled by Korean and American fire fighters.

The disastrous fire, the third in this refugee packed city of 1,000,000 in three days, made more than 4,000 persons homeless.

Brig. Gen. Frederick L. Hayden, chief of the U. S. civil assistance command, announced that 2,700 Army blankets, 100 bales of clothing and 42,000 pounds of rice were being made available.

22 Active Drilling Operations in County

(Continued from Page One)

week in both the Tar Springs 2196-2214 and Upper Hardinsburg 2312-18 pumping oil at the rate of 318 barrels per day with about 21 barrels of water.

The No. 2 Turner and Wilson Unit, NW SW SW, is testing 12 feet of good Cypress sand and eight feet of Aux Vases after setting casing. Total depth is 2959. A four hour drill stem test 2326-59 recovered five feet of clean oil and 65 feet of heavy oil cut mud.

The same operator's No. 2 James E. Horn, is digging today at 1130 with Cy Herndon's rotary tools of Carmi.

John Stelle and associates are testing after fracturing the Aux Vases sand 2334-42 on their No. 1A Roy Watson, 8-8-7e. Their No. 2, completed last week for 1029 barrels oil a day is now pumping about 400 b/d.

Slight Showing in Stinson Test
Ashland Oil and Refining is drilling below 2490 with Tom Doran's rotary tools on the No. 1 George Watson NE NE NE, 18-8-7e, and haven't started their No. 3 Victor Suttner yet, one location north.

The test on the O. N. Stinson farm, being drilled by Calvert Drilling and Walter Duncan, isn't looking so good. They are testing a slight show of oil in the McClosky stem tests on the Cypress and Aux Vases. A test of the Cypress recovered 200 feet of gas, and 100 feet of salty mud, with a slight show of oil, and a test of the Aux Vases sand recovered 20 feet of mud with 120 feet of slightly oil mixed mud, bottom hole pressure 580 pounds per square inch.

Walter Duncan has applied for a permit from the state to drill a test on the J. W. Leithlitter farm, in SW SE NE, 23-8-7e, two miles east of Eldorado, offsetting an oil well of G. L. Reaser's.

Cartier's No. 1 J. R. Davenport, NE NE NW, 24-8-7e, three miles east of Eldorado, is running a squeeze job in an attempt to shut off the water in the Tar Springs sand 2190-2215. It swabbed 13 barrels of oil and 72 barrels of water in 16 hours.

Their No. 2 test on the Davenport farm is digging today below 2158.

More Than 100 Dead And Injured in Flash Fire in Pusan

PUSAN, Korea (AP)—A flash fire gutted a refugee-packed district of disaster-plagued Pusan today, killing and injuring more than 100 Koreans.

A U. S. Army spokesman said 37 persons were burned to death but Korean police set the death toll at 27.

The cause of the fire was not known but it was fed by aviation gasoline from a pipeline passing through the refugee area.

An Army spokesman said 900 flimsy shacks and old wood and plaster homes were destroyed along with several small factories before the flames were controlled by Korean and American fire fighters.

The disastrous fire, the third in this refugee packed city of 1,000,000 in three days, made more than 4,000 persons homeless.

Brig. Gen. Frederick L. Hayden, chief of the U. S. civil assistance command, announced that 2,700 Army blankets, 100 bales of clothing and 42,000 pounds of rice were being made available.

Rep. Allen Says Eisenhower Will Run Again in '56

WASHINGTON — Rep. Leo E. Allen (R-Ill.), chairman of one of the most powerful committees in Congress, predicted today that President Eisenhower will be a candidate again in 1956 and will be re-elected.

Allen, who frequently sits in on President Eisenhower's conferences with legislative leaders, shrugged off reports the President is disinclined to take on another four years in the White House after he completes his present term.

"He will be a candidate again," the Illinois Republican said in an interview. "He may be a bit reluctant, but if he is, he'll be drafted. He'll be re-elected too, because the American people are sold on what he has done, and on the legislative program he has recommended."

Allen is chairman of the House Rules committee, which funnels legislation to the floor after it has been approved by legislative committees. He works closely with Speaker Joseph W. Martin Jr. and Rep. Charles A. Halleck of Indiana, Republican floor leader.

Mr. Eisenhower is not enthusiastic about the prospects of serving four more years in the White House after his present term expires in 1956.

Du Quoin to Vote on Street Repair Bonds

DU QUOIN, Ill. — The Du Quoin City Council Friday night ordered a special election May 11 on a \$375,000 bond issue to finance an extensive street repair program.

The proposed bond issue, if approved, would be paid from future motor fuel tax receipts.

There are about 30,000 miles of blood vessels in the human body.

Charge Spying In S. Korea by Neutral Teams

SEOUL — Russians in Red Polish uniforms have been spying in South Korea as members of "neutral" teams checking on troops and arms in this country, a reliable source said today.

He said these Russians had free access to data on shipments of troops and equipment, and considerable freedom to observe Allied military dispositions below the cease-fire line.

Some Russians still may be serving on the neutral supervisory teams, the informant said.

The Russians are said to have given themselves away in unguarded conversations with genuine neutrals. Their Russian accent was too perfect and they knew too much about Russia to be Poles, the source said.

While drinking with a Swiss colonel, a "Polish" officer gave a detailed description of Moscow which left no doubt that it was his home, the informant added.

Neutral inspection teams travel throughout both North and South Korea, enforcing clauses of the armistice agreement which forbid either side to increase war material and troops in the Asiatic peninsula.

In South Korea they are stationed at vast U. S. 8th Army supply depots in Pusan, Taegu, Inchon and Seoul. They meet every plane and ship that enters the country, and they have access to all records on troop movements. In many cases they personally count troops.

They pass American gun emplacements and trenches along the highway to Seoul and Inchon. They see where the Allied defense lines are. They can give exact locations of airfields, infantry units and the big guns pointed toward the north.

Kinship is Named President-Elect of Public Health Ass'n

SPRINGFIELD — Ben

Olson Disposes of Gavilan, Says Bring On Giardello as Challenger

CHICAGO (AP)—Middleweight champion Carl (Bobo) Olson asked promoter Jim Norris today to bring on your Joey Giardello as "challenger," now that formidable Kid Gavilan was disposed of "bad hand or no bad hand."

Olson kept his middleweight title safe from welterweight champion Kid Gavilan Friday night on a majority 15-round decision before a near-capacity crowd of 20,041 in Chicago Stadium.

But after the fight, 28-year-old Gavilan of Cuba and Manager Angel Lopez of New York claimed the Keed had fought with a "sore right hand." He had bruised it a February time-up bout and it had hurt him steadily while training for Olson, Gavilan said.

Acting Chairman Louis Radziszewski of the Illinois Athletic Commission said, "I don't know what we can do about the sore hand claims. Two of our doctors examined the hand Friday and found nothing wrong with it. I guess they're just bringing up an alibi."

Gavilan did favor the right hand during last night's excellent fight that drew the second largest gross gate in the stadium's history: \$334,320. In addition the sponsor of the national telecast and broadcast paid \$100,000.

The speedy Cuban concentrated on left jabs and left hooks just as he had promised to do while training, and he made the fight so close that Judge Ed Hinz called the bout even and gave each 144 points. However, Referee Berrie Weisman favored Olson, 147-141, and Judge Bill O'Connell, 147-139. The United Press favored Bobo, 142-140.

Olson, richer by about \$125,000 for having registered his first successful defense of the crown and his 13th straight victory, asked Norris for the Giardello fight before flying to his family in San Francisco this morning.

He said, "Giardello is my kind of a fighter. He's fast and more power than Gavilan. It would be a good fight."

No Knockdowns
Olson, 25 and prematurely balding, said Gavilan hadn't hurt him during their rousing brawl, but that he had surprised him with his strength, particularly in the closing rounds.

Olson, favored at 11-5, carried the fight to Gavilan in every round and took advantage of his own weight advantage and pressing

style. Bobo had a comparatively small weight-pull of 4½ pounds. He scaled 159½ to Gavilan's surprisingly heavy 155.

There were no knockdowns, but Gavilan suffered a cashed right brow in the ninth round. It trickled blood down onto his white silk television trunks for the remainder of the bout.

The Cuban hawk insisted Olson had not hurt him at any time. He thought he deserved the decision but he did not complain much about it. He congratulated Olson in mid-ring when the verdict was announced.

Looking AT Sports

By BILL MELTON
Will the state high school basketball tournament continue to operate as a 16-team affair, or will it be changed to an 8-team or 4-team meet? That question will be answered next week when all high school principals in the state of Illinois will be given a chance to express their wishes on the matter.

As I understand it, there is a feeling among some that the present 16-team, four-day tournament school the students away from school for too long a period and some plan is wanted whereby this long absence from school can be eliminated. One plan would reduce the state meet to an 8-team, two-day show and another plan would make it a four-team tourney to be run off in one day, undoubtedly on a Saturday.

If the present tourney is curtailed, some place along the line it will be necessary to set up tournaments between the present section and state meets, to reduce the field. And that might be good, as it would make it possible for more fans to see teams that now perform in first round and quarter-final play only. And also it is a good idea to keep students in school as much as possible. But it still like the 16-team affair—beyond question the most colorful high school affair the state has to offer—and hope the high school principals will see fit to vote to continue the state tournament as it has been conducted in the past years.

The weekend of Nov. 19 and 20 will be one of the biggest week-ends in the history of Carrier Mills high school basketball. On those two nights the Wildcats will face Mt. Vernon and Pinckneyville, respectively. The Rams of Mt. Vernon earned top honors in this year's state meet and Pinckneyville took third place in the state meet. Just meeting those two teams during a season would be tough, but facing them on consecutive nights adds up to... Well, adds up to something.

The Wildcats will travel to both Mt. Vernon and Pinckneyville and it will be the season's opener for the opponents, but Carrier Mills will have opened the season a week earlier and will have the advantage of having played a game or two. Carrier Mills started a program about three years ago of adding stronger teams to its schedule on the theory that the Wildcats can't be ready for stiff tournament competition unless they have faced stiff competition during the season. Seems like a good idea.

Incidentally, this season's 20 game schedule has nine games at home and eleven on the road for the 'Cats.

Thursday night the 1953-54 Wildcat varsity squad, managers and cheer leaders were guests at a dinner held at the Carrier Mills grade school cafeteria. It was town-wide sponsored. A week ago the Lions club sponsored a dinner for the squad and others.

Max Hooper of Mt. Vernon will be seeking his sixth "I" as a member of the 1954 baseball team at the University of Illinois. Hooper has already won three basketball letters and lettered the past two seasons in baseball. He is expected to hold down first base this season.

A lot of baseballs have rolled around on Illinois Field, where the U. of I. baseball team plays its home games. The field was first used between 1880 and 1895. It was also used for football until 1924, when Memorial Stadium was dedicated. Seating capacity is 2,000, but with the addition of temporary bleachers the field has accommodated baseball crowds up to 5,300.

Eight Applicants for Chicago Postmastership

WASHINGTON (AP)—The Civil Service Commission announced that eight persons have applied for postmaster at Chicago.

The applicants are Carl A. Schroeder, acting postmaster; Robert Emmett Donahue, Daniel Hirsch, Robert George Hirschmiller, Mrs. Clara R. Hronek, Julius G. Johnson, Marjorie Peter Stancic, and Reinhold Phillip Wentz.

The applicants will be judged on the basis of their background and administrative experience, without written examinations.

Law does not compel husband and wife to live together.

BREAKS OWN NCAA RECORD
—Ford Konno, Hawaiian swimmer from Ohio State University, broke his own NCAA meet record for 1952 in New York, when he won the 1500 meter event in 18 minutes and 14.4 seconds. His previous record was 18 minutes and 15.5 seconds. (NEA Telephoto)

Oxford Crew Wins Annual Classic

LONDON (AP)—Oxford University's eight-oared crew, although outweighed three pounds to the man, scored a surprisingly easy victory over Cambridge today in the 100th renewal of their rowing classic on the wind and rain-lashed Thames River.

The time was 20 minutes and 23 seconds. It was well off the record 17:50 clocking Cambridge set in 1948.

The clocking was exactly the same as that registered by Oxford in its last victory when it defeated Cambridge by 10 feet in 1952.

Despite the poor weather conditions, thousands of spectators lined the tow path and other vantage points for Britain's biggest tree show.

Baseball, Track Workouts at Taylor Field

Dual Meet with Eldorado Next Week To Open Competition

Baseball and track aspirants at Harrisburg Township high school took to Taylor Field this week to prepare for opening competition.

The track squad, being worked by Coach Bill Cady, is preparing for a dual meet with Eldorado next week and for the Mineral Area Track and Field meet at Hurst-Bush high school a week from today. The dual meet will be held either Tuesday or Thursday. It won't be Wednesday because the basketball team and coaches will be in St. Louis that day to see the Globe Trotters and All-Stars play a cage tilt at the Arena that night.

Head Coach Lawrence Caluffetti and Coach John VanderPlum were working with the baseball team last night. They had just cut the squad from a large number of candidates to 26.

Experienced Batteries
The present roster shows good batteries with four experienced pitchers and two catchers with experience.

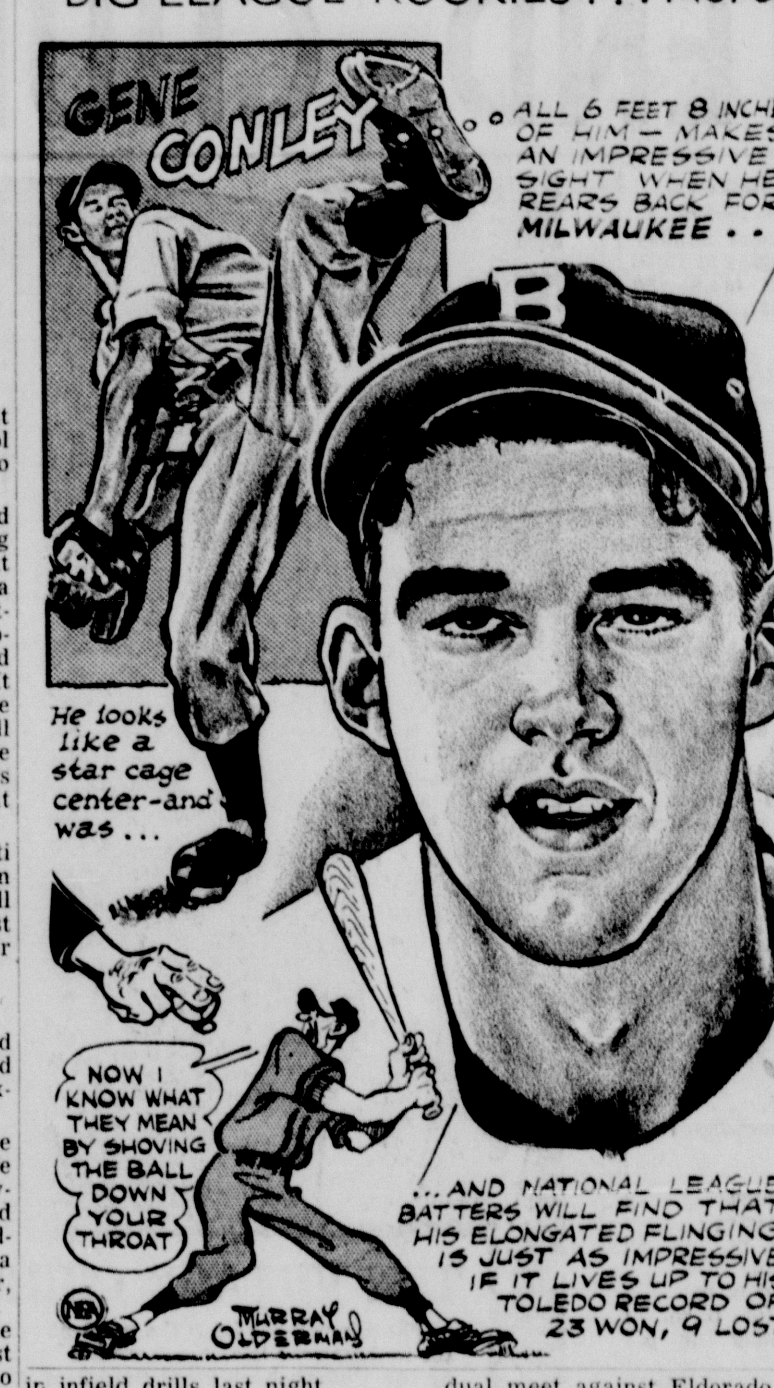

The hurlers who have taken the mound for the Bull Dogs before are Darrell Powell, Don Beal, Everett Evans and Dave Anglin, and all showed promise last year. Added to these are Bill Henshaw, a freshman, and James Alexander, a letterman in football last year.

Experienced catchers are Ronnie Bean, the No. 1 receiver on last year's team, and Jack Small. Also catching are Fred Kinnaman and John Ziegler.

Six of the eight infielders retained saw at least some action last year. They are Eddie Miller and John Hatcher at first base, Kenneth Dunn and Ronnie Mitchell at second, Frank Santy and James Cummins at shortstop and Bob Evans and Russ McDowell at third. Cummins, a freshman, lined the tow path and other vantage points for Britain's biggest tree show.

Evans was scintillating at third

BIG-LEAGUE ROOKIES... No. 5

in infield drills last night.

First Game April 14
There's no experience in the outfield and Caluffetti has kept eight candidates as follows: Tommy Golden, Layman Heffer, Jack Weatherly, Trevor Whiteside, Bob Shevmake, Lynn Barger, David Rees and Joe Speaks.

First contest will be against West Frankfort here at 3:30 p. m. Wednesday, April 14. The track squad personnel can be determined better after the

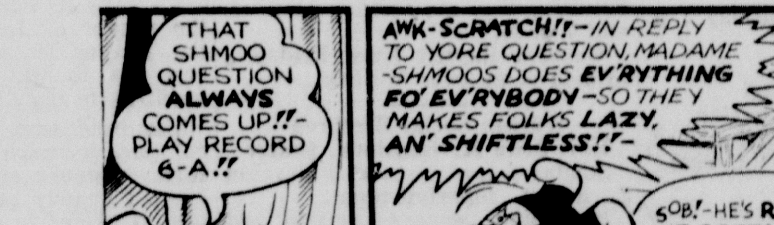

dual meet against Eldorado as all boys will be given a chance to compete. In the weights Bob Beal, veteran discus thrower, is back, and his brother, Tony, is back in the shotput.

Several of the speedier boys returning are Freddie McKenzie, Don McGowan, Joe Lee Dorris, Gary Trammel and Jack Wright. Reports are that there's a freshman boy, Oze, who looks promising in the 440.

Red Sox Humble Phillies, 8-0, as Mickey Owen Hits Grand-Slam Homer

By United Press
Ancient Mickey Owen, famed for missing a third strike in the 1941 World Series, looked like a sure thing not to miss the boat today with the 1954 Boston Red Sox.

The 37-year-old Owen, who isn't even listed on the Red Sox roster, exploded a grand-slam homer in the eighth inning Friday to help Boston humble the Phillies, 8-0, at Montgomery, Ala.

"Owen has convinced me that he'll be a big help to our club," said Manager Lou Boudreau. "Not only has he been hitting well, but he also has been handling our young pitchers wonderfully. We're definitely going to keep him in the club."

It marks quite a comeback for Owen, who walked into the Red Sox camp unheralded and unexpectedly this spring and asked Boudreau whether he had any room "for an old war-horse."

Braves Crush Dodgers
Boudreau knew Owen had plenty of mileage on him and that he hadn't played in the majors in several seasons. He also knew that Owen had missed that famous third strike in the 1941 World Series, giving Tommy Henrich a "life" and enabled the Yankees to come from behind to beat the Dodgers, 7-4.

But something about Owen's determined insistence caused Boudreau to take a chance and today the opportunity appears to be paying off.

Elsewhere on the exhibition circuit Friday, the Milwaukee Braves crushed the Brooklyn Dodgers, 17-2 at Birmingham, Ala., while pounding Carl Erskine, Joe Black and Tommy LaSorda for 24 base hits. Joe Adcock, Eddie Mathews and Jim Pendleton each homered for the Braves as Gene Conley scattered five Dodger hits.

Home runs by Luis Marquez, Bill Serena and Ralph Kiner helped the Chicago Cubs to an 8-6 victory over the Baltimore Orioles at Alexandria, La. The victory was the Cubs' first since Stan Hack took over the managership from Phil Cavarretta Thursday.

The Giants stretched their spring margin over the Cleveland Indians to 10 games to four by beating the Tribe, 4-0 at Fort Worth, Tex.

White Sox Beat Cardinals
Johnny Antonelli and John (Windy) McCall limited the Indians to seven hits while Davey Williams put the game on ice for the Giants with a three-run homer off Bob Lemon in the fifth inning.

The White Sox snapped a three game losing streak by beating Har-

vey Haddix of the Cardinals, 3-1, at New Orleans. Chico Carrasquel smashed his second homer in as many days while teammate Minnie Mino collected three hits. Billy Pierce and Harry Dorish pitched for the White Sox.

It was a gloomy day all around for Cincinnati. The Redlegs' main squad dropped an 11-inning 7-6 decision to Washington at Greenwood, S. C., while Cincinnati's Florida contingent was mauled 12-5 by Detroit at Lakeland, Fla.

Mickey Vernon of the Senators drove in the winning run with an 11th inning single to cap a three-run rally in the Greenwood game after Wally Post's two-run homer had given the Redlegs the lead in the top half of the frame.

At Lakeland, Don Lund, Frank House and Al Kaline each homered for the Tigers as Saul Rogovin and Frank Smith, the Cincy hurlers, were blasted for 19 hits.

Retains Strength
Radium gives out enough heat to melt its own weight in ice per hour. It can emit both heat and light for an indefinite period without losing its power.

Morning worship 11.
Training Union 6:30 p. m.
Prayer meeting Wednesday 7:30
p. m.

THE VILLAGE CHURCH

The Church has been the most powerful fac-
tor in American life. Nowhere has the influence
of the Church been more potent or more far-
reaching than in the villages and small towns of
the nation.

A large percent of our population lives in
these areas, and they also furnish a large per-
centage of our state and national leadership.

The church on Main Street or at the cross-
roads draws people from far and near. They
listen to the preaching and praying, join in the
singing, and enjoy the fellowship of their
friends and neighbors.

Many of the most cherished experiences of
life are associated with these little churches.
Their influence is stamped on the lives of the
people, and their teachings help to form the
character of this nation.

The Church needs and deserves the love and
support of the people, whether it be in a big
city, a small town or a rural village. It is an
influence for good, a source of strength, a tie
that links humanity with God.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest fac-
tor in the building of
character and good citizenship. It
is a storehouse of spiritual values,
democracy, and civilization. It
survives. There are four sound
reasons why every person should
attend services regularly and sup-
port the Church. They are: (1)
For his own sake. (2) For his
children's sake. (3) For the sake
of his community and nation. (4)
Which needs his moral and ma-
terial support. Plan to go to
church regularly and read your
Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalms	8	1-9
Monday	Proverbs	25	1-12
Tuesday	Isaiah	9	2-7
Wednesday	John	6	41-51
Thursday	John	12	20-36
Friday	Romans	15	1-7
Saturday	II Timothy	3	1-17

WEEKLY BIBLE COMMENT

How Jesus Prayed for Others

By WILLIAM E. GILROY, D. D.

A correspondent in Oregon ex-
presses the opinion that the Lord's
Prayer is improperly named.
He says it was, in reality, not
the prayer of Jesus Himself, but
the Prayer He taught others, in
response to the request, "Lord,
teach us to pray."

The conditions of my work do
not permit much opportunity for
correspondence or discussion, and
I avoid acutely controversial mat-
ters. I prefer to concentrate upon
the practical guidance and help
to be derived from the Bible.

However, in this matter relat-
ing to the Lord's Prayer, which
does not seem to me to be of great
importance, I would point out that
when an author writes a book for
others to read it is none the less
known as his book; so in that sense
the Prayer He gave to others was
the Lord's.

Also even if my Oregon cor-
respondent were right, the Prayer
has so long and universally been
known as "The Lord's Prayer,"
that there would be little likeli-
hood of any other designation be-
coming established.

Errors in names and designa-
tions, once they have become es-
tablished, seldom find correction.
A classic example is the so-called
"Battle of Bunker's Hill."
The battle was actually fought
on Breed's Hill. The officer order-
ed to fortify Bunker's Hill got the
wrong hill and fortified Breed's
Hill.

The important thing is not the
name but the Battle, the first de-
termining factor in the American
Revolution.

I feel that the name by which
we call the Prayer that Jesus
taught His disciples is unimport-
ant. What is important is the
Prayer.

However, if any of my readers
attach more significance to my
correspondent's distinction, I have
ten to point out that the Gospels
give us much evidence concerning
the prayers and petitions that were
in every sense the Master's own.

Jesus prayed for Peter, that his
faith should not fail (Luke 22:32).
He prayed for the chosen disciples,
that God the Father would give
them a Comforter who would abide
with them forever (John 14:16).

He prayed for the disciples, not
that they should be taken out of
the world, but that they should be
kept from the world's evil and
sanctified through the truth, which
is the word of God (John 17:15-17).

And in that same prayer He
prayed for all who should believe
through them, that they all might
be united in spirit, even as He and
the Father were one (John 17:21-
22).

The ministry of Jesus began in
prayer. He prayed at His bap-
tism (Luke 3:21) and He prayed
near the end of His pre-Resurrec-
tion ministry, in the agonizing
prayer in Gethsemane, that the
cup might pass (Luke 22:42-44).
He prayed in the hour of Calvary
for the forgiveness of those who
crucified Him (Luke 22:34). And
if the cry of His suffering, "My

God, My God, why hast Thou for-
saken Me?" was a prayer, a pray-
er also was the submission to the
divine will: "Father, into Thy
hands I commend my spirit," in
fulfillment of the prayer in Geth-
semane, "not My will, but Thine,
be done."

Thus it was that Jesus prayed.
He told us how to pray, not only
by precept and in the words of
what we call "The Lord's Pray-
er," but in the example of a life
of continuous prayer.

Mt. Pleasant Baptist
W. H. Hughes, pastor

Sunday school 9:30 a. m.; Willie
Lowe, supt.
